JANN WANJIRU

ENTRY LEVEL UI/UX DESIGNER

PROFESSIONAL SUMMARY

Jann is a creative and innovative IT student pursuing a one year diploma in Information Technology at AkiraChix. She is passionate about design and her artfulness and curiosity make her fit in the design space since she is able to collaborate with other teams to define requirements, iterate on design solutions, and contribute expertise for various digital products. She's also quick in translating ideas into sketches, wireframes, mockups, and interactive prototypes.

TECHNICAL SKILLS

- Ability to constitute and execute concepts for digital advertising.
- Great understanding of user feedback and ability to iterate new designs based on the feedback.
- A great contributor to the ideation and creation of logos and web solutions for various projects.
- Basic knowledge in developing and designing home pages and landing pages.
- Basic knowledge with standard digital design tools, including Adobe Illustrator, Adobe Photoshop, Adobe XD.
- Basic knowledge in performing UX research and presenting ideas and concepts for tech innovations.
